

Blade VS

The Blade VS is an upgrade to our previous Blade models with a new state of the art appearance and comes with crystal clear HD by using high quality sensors and a multi glass lens. This camera has an outstanding Zoom Capability of 10x Optical and 10x Digital zoom and a Full HD resolution at 30fps via USB 2.0! The Blade VS is a perfect alternative to an expensive solution designed for larger meeting rooms.

Blade 4K

The Blade 4K is the latest instalment to our Blade Series and an upgrade of the standard Angekis Blade designed for those who need the highest quality of images. Equipped with 5x 4K zoom, the camera can deliver exceptional 4K resolution at 30FPS, or full HD at 60 FPS. What's more, the wide-angle field of view (86.5°) helps to ensure that everyone in the room gets to be part of a single stunning image.

Saber 4K

Saber 4K with a 12x optical zoom runs 4K 30fps over IP&HDMI and 1080p 60fps over IP, HDMI, SDI, USB3

Saber IP

Angekis Saber 20x IP conference camera is a professional grade FHD IP PTZ video camera, support IP, HDMI, 3G-SDI and USB3.0 simultaneously output, ideal for broadcast level AV solution, high-end video conferencing and video surveillance application. The Saber 20x IP conference camera has a 20x optical zoom and can run at FULL HD uncompressed 60 frames per second giving you crystal clear image quality that is second

Saber Light

Saber light is a USB 3.0 PTZ camera with a 5x Optical zoom. Saber Light gives you a great video quality of which image has great sense of depth with colors close to reality. 3 in 1 from one single USB cable, no more messy cable! 90° wide angle HFOV.

OneTouch

with a 4K sensor, 4 beamforming array microphones and an built-in speaker, the One-Touch has everything you'll need for high-end video conferencing.
